

MA O1 & MA O2 Series Window Fans

Automatic operation: by the electronic control unit BU-1-60.
(The control unit is supplied separately.)

- Continuous or periodic exhaust ventilation of bathroom, showers, kitchens and other utility spaces.
- For mounting in windows.
- Modern design and aesthetic look.
- The casing and the impeller are made of high-quality durable ABS plastic, UV resistant.
- The intellectual impeller design makes the fan efficiency high and the service life long.
- The fan and motor are specially designed for silent operation.
- Fan is equipped with a thermal actuator that provides smooth opening and shutting of automatic louver shutters for air back flow preventing.

Motor

- Protection rating IP 24.
- Reliable and low-(W) electric motor.
- Designed for continuous operation and requires no maintenance.
- Equipped with overheating protection.
- **MAO 2 Series** are equipped with an external hood.

MA O1 Series & MA O2 Series

Type	Power (W)	Diameter Ø mm	Air flow m³/h	Noise Level dB (A)	Weight (Kg)	Price
